Dear Sir:

This letter is in response to the Office Action mailed on September 29, 1989 wherein the application was subject to a restriction requirement under 35USC121 and a requirement to elect a single disclosed species for prosecution.

Pursuant to the restriction requirement, the applicant so elects invention I comprising claims 1-13 and 16-24.

The Examiner has identified four species which he considers patentably distinct with respect to the inventions of I, group 3. Pursuant to the requirement to elect a single disclosed species for prosecution on the merits, the applicant elects the liquid crystal indicator species.

Respectfully submitted,
